TRANDOTCOM
TRANSACTION MANAGEMENT SOLUTIONS

INNOVATIVE IDEAS & INFORMATION

August 24, 2011

Is Your Data Secure?

TranDotCom is Committed to your Data Security!

- TranDotCom has the highest level security certification awarded by the Payment Card Industry (PCI) Security Standards Council: PCI DSS Level 1.
- To ensure data security, PCI standards require that transaction data is encrypted and secure at all times.
- Internationally, PCI DSS certification is required by all major banks to process directly with them.
- PCI DSS Level 1 accreditation covers all TranDotCom processing, including customers in Canada and the United Kingdom.

To learn more about our PCI DSS Level 1 certification, and how it helps to improve your security controls, contact us at sales@tdcemail.com.
